

# Teenage

Morningwood

We're caught and up  
It's Monday morning  
Haters watch out  
We're on defense  
It's on again  
Cause that's how we do  
Let's infiltrate  
Let's burn the stage  
We're at the gate with nothing to lose

Get out, get out  
Gotta get out of here  
Come on, come on  
Cause it's getting so weird  
We've butched around  
Now we're leaving  
And we're gonna live the teenage

Let's all meet up  
It's after midnight  
Young punks are waiting in the dark  
There's a spark  
Then we're on the run  
Let's infiltrate  
Let's burn the stage  
We're at the gate with nothing to lose

Get out, get out  
Gotta get out of here  
Come on, come on  
Cause it's getting so weird  
We fought the law  
But didn't mean it  
And we're gonna live the teenage

Get out, get out  
Gotta get out of here  
Come on, come on  
Cause it's getting so weird  
We fucked it up  
Shit hit the ceiling  
We were living in a teenage

Get out, get out  
Gotta get out of here  
Come on, come on  
Cause it's getting so weird  
We're growing up  
Now we're leaving  
We were living in a teenage
