## Morningwood

I been building blocks since I was a baby I been putting up bricks since I was a kid When I'm kissin' I wanna see over your shoulder You said I never showed you but I know I did And I want it And I need it And I love it Cause it's mine all mine (You can't shut your eyes) And I want it (Keeps you satisfied) And I need it (By filling you with lies) Cause it's mine and no one can take it from me! I'd like to think our lives were like a movie, Too bad I can't think outside of the box Sometimes I see in x ray colors, And I can only hear it when it talks And I want it And I need it And I love it 'Cause it's mine all mine (You can't shut your eyes) And I want it (Keeps you satisfied) And I need it (By filling you with lies) And I love it 'Cause it's mine all mine and no one can take it from me! It's my night time and I want it It's my night time and I need it It's my night time and I love it It's my night time and I want it It's my night time and I need it It's my night time and I love it It's my night time and I want it It's my night time and I need it It's my night time and I want it It's my night time and I love it It's my night time and I need it It's my night time and I love it It's my night time and I want it No one can take it from me!
