Moroder Giorgio

Frightened by a dream, you're not the only one Running like the wind, thoughts can come undone Dancing behind masks, just sort of pantomime But images reveal whatever lonely hearts can hide

Lady, lady, lady, don't walk this lonely avenue
Lady, lady, lady, let me touch that part of you, you want
me to

Lady, lady, lady, I know it's in your heart to stay Lady, lady, lady, when will I ever hear you say, I love you

Time like silent stares, with no apology
Move towards the stars, and be my only one
Reach into the light, and feel love's gravity
That pulls you to my side, where you should always be

Lady, lady, lady, don't walk this lonely avenue
Lady, lady, lady, let me touch that part of you, you want
me to

Lady, lady, lady, I know it's in your heart to stay Lady, lady, lady, lady...
