

## Mary Won't You Call My Name?

Morphine

Cross my fingers and I hope to God  
I knock on wood and pray with all I've got  
Cross my bow with a cannonball  
I see the writing on the wall hey  
There's no map and there's no clue  
Of where to go and what to do  
Yea who to dog who to ride and who to hold  
Forever by your side (2x)  
Mary won't you call my name (2x)  
Mary won't you call my (2x)  
Mary won't you call my name  
I fell into the hands of a rich man's daughter  
She led me like a lamb no bother  
To go and live inside a barn on her Daddy's 90 acre farm  
Hide your daughters in the snow and watch out for the undertow  
Hold both hands against the door and dig your feet into the floor  
Tell ya there's no map and there's no clue  
Of where to go and what to do  
Who to dog and who to ride and who to hold  
Forever by your side (2x)  
Mary won't you call my name (2x)  
Mary won't you call my (2x)  
Mary won't you call my name
