

Potion

Morphine

Give me a potion to make me love you
Give me a potion to make me care
Give me a potion to make me love you
Make it a double
Make it a double

Below the ocean, I make a bed down there
Below the ocean, I gotta live somewhere
Maybe a graveyard. Yeah maybe. I don't care

Why can't love be blind
Instead of just a blind man cryin
Why can't love be
Why can't love be blind?

Thanks for the potion to make me love you
Thanks for the potion to make me care
Your charms are workin on me
Your charms are workin hard
Your charms are workin on me
Your charms are workin hard
Thanks for the potion to make me love you
Make it a double
