

## You're An Artist

Morphine

You're an artist you don't need this shit  
Let them look let them look at your tits (2x)  
You're an artist you don't need this shit  
You only want to buy some lipstick  
You're an artist you don't want a real job  
You're the one in a million singled out of the mob  
The only exception the special case  
They haven't found your hiding place  
They can try to box you misidentify you  
If they can give tattoos  
Get everybody mechanically humming to the same tunes  
I like your lipstick (3x)  
I like your lipstick yea  
You're an artist you don't need this shit (2x)
