

## Black Cloud

Morrissey

The one I love is standing near  
The one I love is everywhere  
And I can woo you, I can amuse you  
But there is nothing I can do to make you mine

Black cloud, black cloud

The one I love roosts in the mind  
Can snap this spell or increase hell  
I can chase you and I can catch you  
But there is nothing I can do to make you mine

Black cloud, black cloud  
Oh, black cloud, oh, black cloud

I play the game of favorites now  
I can, I must, I will, I do  
And I can please you or I can freeze you out  
But there is nothing I can do to make you mine

Black cloud, black cloud  
Black cloud

I can choke myself to please you  
And I can sink much lower than usual  
But there's nothing I can do to make you mine
