

Do Your Best and Don't Worry

Morrissey

Compare the best of their days
With the worst of your days
You won't win
With your standards so high
And your spirits so low
At least remember...
This is you on a bad day, you on a pale day

Just do your best and don't...
Don't worry, oh
The way you hang yourself is oh, so unfair

See the best of how they look
Against the worst of how you are
And again, you won't win
With your standards so high
And your spirits so low
At least remember...
This is you on a drab day, you in a drab dress

Just do your best and don't...
Don't worry, oh
The way you watch yourself is oh, so unfair

Just do your best and don't...
Don't worry, oh
The way you hang yourself is oh, so unfair
[(repeat x2)]
