

# Driving Your Girlfriend Home

Morrissey

I'm driving  
Your girlfriend home  
And she's saying  
How she never chose you  
";Turn left";, she says  
I turn left  
And she says

";So how did I end up  
So deeply involved in  
The very existence  
I planned on avoiding ?";  
And I can't answer  
I'm driving

Your girlfriend home  
And she's laughing  
To stop herself crying  
";Drive on";, she says  
I drive on  
And she says

";So how did I end up  
Attached to this person  
When his sense of humour  
Gets gradually worser ?";  
And I can't tell her  
I'm parking  
Outside her home  
And we're shaking hands  
Goodnight, so politely
