

## King Leer

Morrissey

Your boyfriend, he went down on one knee  
Well, could it be he's only got one knee?  
I tried to surprise you with vodka or tizer  
I can't quite quite remember but you didn't thank me  
You didn't even thank me because you never do

Your boyfriend, he has the gift of the gab  
Or, could it be the gift of the grab ?  
I tried to surprise you, I lay down beside you  
And nothing much happened and you didn't phone me  
You didn't even phone me because it's not your style  
To dial

Your boyfriend, he has displayed to me  
More than just a real hint of cruelty  
I tried to surprise you, I crept up behind you  
With a homeless chihuahua you coo-ed for an hour  
You handed him back and said, "You'll never guess I'm bored now  
"
