Your boyfriend, he went down on one knee Well, could it be he's only got one knee? I tried to surprise you with vodka or tizer I can't quite quite remember but you didn't thank me You didn't even thank me because you never do

Your boyfriend, he has the gift of the gab Or, could it be the gift of the grab ? I tried to surprise you, I lay down beside you And nothing much happened and you didn't phone me You didn't even phone me because it's not your style To dial

Your boyfriend, he has displayed to me

More than just a real hint of cruelty

I tried to surprise you, I crept up behind you

With a homeless chihuahua you coo-ed for an hour

You handed him back and said, "You'll never guess I'm bored now
"
