

# Roy's Keen

Morrissey

Go on

He's romancing you  
And chancing his arm  
He'll be here  
Smiling on time

He's romancing you  
And chancing his arm  
He'll be here  
Smiling on time

Roy's keen, oh, Roy's keen  
Roy's keen, oh, Roy's keen  
We've never seen a  
Keener window-cleaner

Back up the ladder  
Into each corner  
Dunking the chamois  
Just think of the goodwill

The ladder's a planet  
Roy is a star and  
I am a satellite  
But that's alright

He can hold a smile for as long  
As you require, even longer  
He can hold a smile for as long  
As you require, even longer

Roy's keen, oh, Roy's keen  
Roy's keen, oh, Roy's keen  
We've never seen a  
Keener window-cleaner

Back up the ladder  
Into each corner  
Dunking the chamois  
Just think of the goodwill

The ladder's a planet  
Roy is a star and  
I am a satellite  
I will be set alight

Don't say you'll hold it steady  
Then you'll let it go  
Don't say you'll hold it steady  
Then you'll let it go, ooh

You're up the ladder  
Into each corner  
Foot in a bucket  
We trust you to wreck it

Even when it's under your nose  
Well, you just can't see it, can you ?  
Well, it's here right under your nose  
And you just can't see it, can you?

Roy's keen, Roy's keen  
Roy's keen, Roy's keen  
We've never seen a  
Keener window-cleaner, ohh
