

You Have Killed Me

Morrissey

Pasolini is me
'Accattone' you'll be
I entered nothing and nothing entered me
'Til you came with the key
And you did your best but

As I live and breathe
You have killed me
You have killed me
Yes I walk around somehow
But you have killed me
You have killed me

Piazza Cavour, what's my life for?

Visconti is me
Magnani you'll never be
I entered nothing and nothing entered me
'Til you came with the key
And you did your best but

As I live and breathe
You have killed me
You have killed me
Yes, I walk around somehow
But you have killed me
You have killed me

Who am I that I come to be here...?

As I live and breathe
You have killed me
You have killed me
Yes I walk around somehow
But you have killed me
You have killed me

And there is no point saying this again
There is no point saying this again
But I forgive you, I forgive you
Always I do forgive you
