

# You've Had Her

Morrissey

Things you have cherished  
Now making you squirm  
Ya ...  
YOU'VE HAD HER  
And it's all over now

Why you were pining  
You haven't a clue  
Ya ...  
YOU'VE HAD HER  
And it's all over now

It's all over now - for you  
It's all only started - for her  
Ah ...

And the one thing on your mind  
Is : where is the next in line ?  
As the words to all the love songs  
Start making sense  
To the girl  
So  
Far  
Away
