You've Had Her

```
Things you have cherished
Now making you squirm
Ya ...
YOU'VE HAD HER
And it's all over now
Why you were pining
You haven't a clue
Ya ...
YOU'VE HAD HER
And it's all over now
It's all over now - for you
It's all only started - for her
Ah ...
And the one thing on your mind
Is : where is the next in line ?
As the words to all the love songs
Start making sense
To the girl
So
Far
```
