

## Beautiful One

## Mortal Love

Love me like I love you  
Show me your paradise  
Hold me when I hold you  
Desire for you  
Kiss my sweet lips  
Lead me to the sky

Teach me about all your things  
Your flesh, your blood, your you  
Tell me my love is enough  
Stop running, I'll do  
Caress your skin  
Like meadows in the wind

Beautiful one
