

## So I Betray The Mission

### Mortal Love

I forget to tell all the bones in your body the end is near  
A kiss to bid your heart farewell,  
there's nothing left of me to sell

I forgive the end for its suffocating hope and fear  
Before I ever wave goodbye - cross my heart and hope to die

You commit to leave all your love behind without a tear  
Tomorrow is a different day, another chance to fade away

A million times I'd die for you  
but even death can be untrue  
Despite the soul I tore apart,  
despite the times I drowned my heart

Now I will force my way into the heart  
So I betray the mission - fall apart.
