

Deadman Walking

Mortal Sin

The symptoms are showing
Diseases are growing
Psychosis is playing on your mind
Your skin cells are shedding
Bacteria is spreading
It's warfare so kill the mastermind

Can you hear the warning?
Can you hear the warning?
Can you hear the warning ☐ this time?

Humankind never heeds the warning
Realise that the day is dawning
Outside - the dogs are talking
Outside ☐ A dead man walking

There's no use in praying
Your sanity is fraying
You know there's no chance to find a cure
The Government is lying
While millions lay dying
Your future has not quite been assured

Can you hear the warning?
Can you hear the warning?
Can you hear the warning ☐ this time?

Humankind never heeds the warning
Realise that the day is dawning
Outside the dogs are talking
Outside A dead man walking

Humankind never heeds the warning
Realise that the day is dawning
Outside - The dogs are talking
Outside ☐ A dead man walking

Deadman ☐ walk the earth
Deadman ☐ walk the earth
Deadman ☐ walk the earth
Deadman ☐ walk the earth
They got their eyes on you
