

# My Nightmare

## Mortal Sin

Every time I can't get to sleep  
I struggle with my conscience  
Promises I cannot keep  
Running out of patience

Every time I sleep I cannot keep my sanity (Sanity)  
Every time I wake I cannot fake my anxiety

This is my nightmare -- this is not a dream  
This is my nightmare -- this is not a dream

Fighting through the dead of the night  
Waiting for the sun  
Waking in a state of fright  
Nowhere left to run

Every time I sleep I cannot keep my sanity (Sanity)  
Every time I wake I cannot fake my anxiety

This is my nightmare -- this is not a dream  
This is my nightmare -- this is not a dream

Try to dream of sunshine -- all I see is rain  
Senseless aggravation -- messing with my brain  
Messing with my brain

Every time I sleep I cannot keep my sanity (Sanity)  
Every time I wake I cannot fake my anxiety

This is my nightmare -- this is not a dream  
This is my nightmare -- this is not a dream  
This is my nightmare -- this is not a dream  
This is my nightmare
