

June First

Mortal

Hold my arms
Hold my legs
I can't keep my feet on the ground
Hold me down
I'm in love again

When she smiles
I believe
That the world
Could stop spinning around
Hold me down
I know it's real this time

Real love never gives up!

Will she run?
Will she stay another season
More than the last?
Will it pass
Until I'm in love again

True love never gives up!

Your pure love enduring
Is always with me
Never leaves me
Never gives me up!
