

# Trendsetter

Morten Abel

You used to light up the room  
Like a fire in the night  
Admit you were wrong  
And that I was right  
You shouldn't go with him  
When you could've had me  
You shouldn't go with him  
When you could've had me

Then you call me up  
In the middle of the night  
Admitting you were wrong  
And that I was right  
I couldn't help you out  
You go or you stay  
I couldn't help you out  
You go or you stay

Go after someone else  
Or you'll forever be lonely  
What you've already got  
Is all you'll ever get from me  
I've never heard you talk  
About anyone else  
I've never heard you talk  
About anyone else  
But yourself

What will you say if the lights went out  
And all hearts stopped beating your way  
What will you say if your eyes went blind  
Couldn't differ night from day  
What will you say if your best friend  
Wouldn't have anything to do with you anymore

The days pass by  
And your boy gets tricky  
And time flies  
And people have lives  
He had to let you go  
Cos everyone else  
Had to let you go  
Cos everyone else

What will you say if the lights went out  
And all hearts stopped beating your way  
What will you say if your eyes went blind  
Couldn't differ night from day  
What will you say if your best friend  
Wouldn't have anything to do with you anymore

Left is a silhouette  
Left is a secret you can't hide  
You find your way out  
Left is everyone you didn't bring along  
All that you didn't want to come

Live for the day  
Die for the night  
And the sun and the moon in your eyes

Your time  
Your time  
Soon now  
Is out
