

End of the Line

Morten Harket

I just want you to know
That no one leaves by the door they enter
I just want you to know
You'll meet yourself when you surrender

If you come here for real
If that's how you feel
Well that's how I found you

Guess we don't need to know
Road ahead will show
We belong together

Let me take you heart off your mind
It's a beautiful place you keep inside
It's going to cost you to stay and hide
- Let me take your heart
End of the line - Off your mind

I just want you to stay the way you are
Proud and tender
I just want us to fade into the light
Like one together

If you come here for real
If that's how you feel
My arms around you

Let me take you heart off your mind
It's a beautiful place you keep inside
It's going to cost you to stay and hide
- Let me take your heart
End of the line - Off your mind

I just want her to know it
I think it's time
I just want her to see it
The end of the line

Let me take you heart off your mind
It's a beautiful place you keep inside
It's going to cost you to stay and hide
- Let me take your heart
End of the line - Off your mind
