

Bludgeoned

Mortician

Roaming in the darkness
Need to fill the bloodlust
Searching for the victims
Hunger for the killing

Hammer swinging quickly
Smashing through the thick skin
Skull is popped and cracking
Blood and brains are leaking

Continued deadly blows
Break and bash in the nose
Eyeballs sink in sockets
Jaw and teeth shattered

Bash and cave-in your head
Broken corpse lying dead
Blood and puss on the floor
Rotting dead pile of gore
