

## Blood World

### Mortification

Hatred wasting mankind  
Racism, black and white  
Kill your neighbour, what do you care  
He is worthless scum  
Open your eyes, see the truth  
We are all of dust

Blood world, the blood of life  
Who will care, who will unite  
Blood world, the blood of Christ  
All men are equal in his sight

Loneliness destroying lives  
Rejected, hated, despised  
Kill your neighbour, what do you care  
He was born to be lost  
A hated man, scorn of your laugh  
Seeing yourself first

Blood world, the blood of life  
Who will care, who will unite  
Blood world, the blood of Christ  
All men are equal in his sight

Care, share, be fair, be aware  
Christ uniting mankind  
Equal black and white  
Love your neighbour as yourself  
You are your brother's keeper  
Open your eyes, see the truth  
Hatred is a killer!

Blood world, the blood of life  
Who will care, who will unite  
Blood world, the blood of Christ  
All men are equal in his sight

Care, share, be fair, be aware
