

Medley

Mortification

Kills immunity
Rapes the blood and bone of humanity
Being a living corpse
Grey and scaly skin
Haunted human ghost

Lymphosarcoma
God extracted you
Lymphosarcoma
Never to return

Disease in your life rots your soul
Wretched hindrance to your growth in God
Recycle countless sin, bondage brings
Wretched hindrance to your growth in God

Look at the young man
Look at his face
What is the reason for this change
Revival in his heart
Causes havoc for the devil

The destroyer beholds
The destroyer beholds
Your faith infested by the flesh
Backslidden in your heart you have no time for God
You don't read the word, what's your case
Backslidden in your heart you have no time for God
