

## Mephibosheth

### Mortification

David made a covenant with Jonathan  
A promise of trust, the spilling of blood  
Slaughter the heifer, walk between two parts  
Off with my head if I break the oath.

Jonathan died in battle  
David, ascend to the throne  
Mephibosheth a cripple  
Son of Jonathan lost  
Left behind as they fled  
Oath of death upon David's head

The search went out for Mephibosheth  
Caught, imprisoned, cursing rebel  
Brought before King David's throne  
Thought that death was imminent  
David remembers the covenant oath  
He'll show kindness to Jonathan's house  
Seen as now the son of the king  
All that was Saul's would now be his

You are Mephibosheth  
David, symbolic of God  
Your resisting His throne  
The blessing of the blood covenant  
Christ died for you, you don't even know
