Sleeping King

Listen to the wind Hear the prophecy I am the Sleeping King Of the Dynasty Lay your aching hands On the tree of light Will you come with me? Let your heart decide It's your legacy

When all your dreams are torn apart Look for the answer I am the one who shows the way Waiting for thousand years of sleep There is a place for us to hide Best of the places When you're prepared, you'll understand It's time to awake the Sleeping King

The pendulum returns The gears synchronize You want to feel my soul Just look inside my eyes To summon birds of prey To rule the raging sea Will you come with me It's your legacy

When all your dreams are torn apart Look for the answer I am the one who shows the way Waiting for thousand years of sleep There is a place for us to hide Best of the places When you're prepared, you'll understand It's time to awake the Sleeping King Morton
