

The Myopic

Mos Generator

When I see the future
This is what I see
The serpent rises from the dead to conquer history
Empires fate to crumble
Empires fate to fall
The world that will be left behind
Turns it's back and forgets time

When fate discovers conquest
And kills the one that bleeds
The end of time will push him down
Enslave him and his deeds
Natures way to crumble
Natures way to fall
The world that will be left behind
Turns it's back and forgets time

Sad and sorrow
Sad and sorrow
Terrible power
Terrible greed
Turn your back and forget
Natures way to crumble
Empires fate to fall
Myopic visions see the fate of mankind after all
