

Find The Sun

Mostly Autumn

I'm going away
To find the Sun
I'm going today

I'm going away
To find the Sun
No more to say

I'm going away
To find the love
I'm going away

It's all about the way you move
It's all about the way you move
It's all about the way you laugh, the way you smile and walk the path
All about the way you move

I'm going away
To find the Sun
No love today

I'm going away
Goodbye to love
There's no more to say
