

## Find The Sun

Mostly Autumn

I'm going away  
To find the Sun  
I'm going today

I'm going away  
To find the Sun  
No more to say

I'm going away  
To find the love  
I'm going away

It's all about the way you move  
It's all about the way you move  
It's all about the way you laugh, the way you smile and walk the path  
All about the way you move

I'm going away  
To find the Sun  
No love today

I'm going away  
Goodbye to love  
There's no more to say
