

## Pure White Light

Mostly Autumn

Earth light, quiet night,  
City breathes

I see my body below me  
No shelter, no shelter  
I'm stretching for freedom,

It's time to go,  
Time to get out,  
Time to break free,

I'm riding on a pure white light,  
Racing down the silver time,  
I couldn't stay,  
I'm letting go of all we made,  
Letting go of all the hurt,  
I couldn't stay

I feel no heart beat,  
Just energy,  
Blasting my soul,  
I am shining,  
Pure self,  
Living,  
Sense everything

And it's time to go  
Time to get out,  
Time to break free,

I'm riding on a pure white light. ..  
Holding on to all the love,  
I couldn't stay.
