

Pure White Light

Mostly Autumn

Earth light, quiet night,
City breathes

I see my body below me
No shelter, no shelter
I'm stretching for freedom,

It's time to go,
Time to get out,
Time to break free,

I'm riding on a pure white light,
Racing down the silver time,
I couldn't stay,
I'm letting go of all we made,
Letting go of all the hurt,
I couldn't stay

I feel no heart beat,
Just energy,
Blasting my soul,
I am shining,
Pure self,
Living,
Sense everything

And it's time to go
Time to get out,
Time to break free,

I'm riding on a pure white light. ..
Holding on to all the love,
I couldn't stay.
