

Simple Ways

Mostly Autumn

The simple way
She touches the earth
The simple sound
Of fire on the stones

The ocean blows
Still I stare
The ocean blows
Still I stare

The simple way
He's drawing me in
The simple way
He's pulling my heart

The ocean blows
Still I stare
The ocean blows
Still I stare

The simple way
Moving inside
Falling, falling, falling
Deep in your eyes

The ocean blows
Still I stare
The ocean blows
Still I stare

The crystal sky
Falls on our skin
Shadows, shadows, shadows
Dance on the flames

The ocean blows
Still I stare
The ocean blows
Still I stare
