

Stardog Champion

Mother Love Bone

Oh, oh yes
Yeah, yeah

San Francisco, where the flowers bloom in spring
I said, fade to winter - and see what disease brings
Augustino, with his eyes once a shining sea
I said he's half a shadow - God don't let that be me, yeah
I'm a Stardog Champion

West Virginia, that's where my father lies
He was a wartime hero, the kind that money buys
It's a diamond bracelet, for my mommy's memory
That's all she wrote boy - that's all she wrote for me
Yeah (6x)

I'm just a Stardog Champion
I'm a Stardog Champion
I'm a Stardog
That's right

And the children
They used to sing of love
With Grace
From the Lord above
I said the children they used to sing out loud
Sing it loud

Da da da da da dau
I'm a Stardog Champion, yeah
I'm a Stardog Champion, yeah
I'm a Stardog baby
I gonna let you down
Yeah, I wanna let you down
I wanna let you down
The children sing...

(Da da da da da dau (3x) ooh) 7x
