

# Stardog Champion

Mother Love Bone

Oh, oh yes  
Yeah, yeah

San Francisco, where the flowers bloom in spring  
I said, fade to winter - and see what disease brings  
Augustino, with his eyes once a shining sea  
I said he's half a shadow - God don't let that be me, yeah  
I'm a Stardog Champion

West Virginia, that's where my father lies  
He was a wartime hero, the kind that money buys  
It's a diamond bracelet, for my mommy's memory  
That's all she wrote boy - that's all she wrote for me  
Yeah (6x)

I'm just a Stardog Champion  
I'm a Stardog Champion  
I'm a Stardog  
That's right

And the children  
They used to sing of love  
With Grace  
From the Lord above  
I said the children they used to sing out loud  
Sing it loud

Da da da da da dau  
I'm a Stardog Champion, yeah  
I'm a Stardog Champion, yeah  
I'm a Stardog baby  
I gonna let you down  
Yeah, I wanna let you down  
I wanna let you down  
The children sing...

(Da da da da da dau (3x) ooh) 7x
