

Stargazer

Mother Love Bone

I'm Crazy, crazy
I'm the boy
Who defies all, yeah
Lift me higher, than anyone
And hold me arms, yeah

Woman, woman, she outta mind
And simply out of soul, yeah, yeah
She gets me higher than anyone
And I miss her so, so, do it
I miss her so

Stargazer you call the shots
And I take 'em
Stargazer won't ya kick with me... please
Stargazer you call the shots
And I take 'em
Stargazer ya won't kick with me... oh baby please

Dancer, dancer, I'm all wrong
She thinks she's young and wise
But no, no, no
She dance around my pearly headed cable car
And fix me up with the guy - why?
Come on
I don't get why she done that to me
Why she done it to me
So I'm singing

Stargazer you call the shots
And I take 'em
Stargazer won't ya kick with me... please
Stargazer you call the shots
And I take 'em
Stargazer ya won't kick with me... oh baby please

Stargazer you cry in blue
Anything I've ever seen
It ain't as good as you child
I'm not trying to push your feelings
But I know you hold me like putty in your hands

Cry for me and rub it in
Cry for the savior and the prophet's son, yeah
Dream of me and Julie Ann,
Ohh, Xana come back again, yeah
Cry for me and rub it in
Cry for the savior and the prophet's son, yeah
Dream of me and Julie Ann,
Ohh, Xana come back again, yeah, yeah, yeah
