

Baby Don't Dance

Mother Mother

She's looking like stonehenge in ...
She don't move, she don't move, she don't move
She just stands

She doesn't feel the sound
She feel for the ground
She's like a dead fish in a cold pan
She don't give an inch to the band

She don't. she don't dance
My baby don't dance
My baby don't dance
My baby don't dance
Baby

She doesn't feel ashamed
She's just feeling strange
She doesn't ah ah shimmy and shake
She's the straightest dame in the place

She's so, she's so safe

Damn
My baby don't dance
My baby don't dance
My baby don't dance
My baby don't dance
My baby doesn't

She don't, she don't dance

She's looking like a dead fish in a cold
She don't

My baby don't dance
My baby don't dance
My baby don't dance
My baby don't dance
My baby, yeah
