

## Born In A Flash

Mother Mother

Photograph, lookin' down at me  
I'm lookin' at the past  
Something about my family in high contrast  
Something about my infancy in white and black  
Something about my memories  
In a photograph, a portrait of the past

Born in a flash

Polaroid, 1954  
It was a Polaroid  
'55 through '56  
Were undestroyed, daddy was an anarchist  
We can't afford  
Somebody catching wind of this here

Polaroid, a portrait of before

Born in a flash  
Born in a flash  
A little piece of the past  
Born in a flash

Ohh  
Ohhhh, Aahhhh, Ohhh

Photograph, a portrait of the past  
Born in a flash  
Born in a flash
