

No One To Nothing

Mother Mother

I got up today
With the thought
That I'm not what I thought I would've been
Dot, I'm a little dot
In a cosmic spray

Blue, yellow, and rust
Pixie dust
I am an abstraction burning with the sun
I am no one

Losing my mind
It never felt so good to be alive
Crucify my name
I never felt more famous than today, where I am no one
To nothing

And though I've been told
You gotta keep your spirit close
I let mine go
You, well maybe you could too
You molecule
You could be dancing along with particles and carbon to
This song

Losing my mind
It never felt so good to be alive
Crucify my name
I never felt more famous than today, where I am no one
To nothing

Love like this, it don't grow sick
It don't grow wicked
Infinite without a shtick
It's legit, legit, legit, legit, legitimate

Lose your mind baby
You'll never feel so good to be alive, I say again
I say erase your name, sweet honey
You'll never feel more famous than today, where you are no one
(no one)
No one (no one)
No one
To nothing
