

## Polynesia

Mother Mother

We're on the sea  
We're in a ship and we are sailing by  
All of the fish and all the octopi  
We look them right into their octopi eyes

I'm on the sea  
I caught a mermaid looking right at me  
I said, "Hey, baby. Why don't you come up top?  
You could flip flop while we cruise the Florida Quays."

Remember when we said,  
"You gonna see us on a red ship sailing."?  
We'll think of you on your solid ground  
We hope you think of us out here sailing around  
Sailing around, sailing around  
Sailing

Polynesia, Polynesia, Polynesia  
Oceana, oh New Caledonia  
We dropped the hook on the Capricorn  
Remember when we said,  
"You gonna see us with a sailor tan."?  
We'll think of you and your stark white hands  
Building your model ships  
Wishing you were sailing around  
Sailing around Sailing around  
Sailing

Polynesia, Polynesia, Polynesia  
Oceana, oh New Caledonia  
We dropped the hook on the Capricorn
