

The Sticks

Mother Mother

I'm looking at mountain ranges,
I'm looking at islands, baby
Oh, archipelago take me

I'm looking to isolate me,
Terra incognita, baby
I'm getting away from all the...

La-di-da, la-di-da...

I'll be gone for good,
Out there with the creatures in the woods
And I'll be understood,
Make friends with the pagans in the nude
I'll be no different,
Just a little less interested
In all that new world shit
'Cause there ain't no new world in the sticks

I'm getting on a mountain, baby, yeah
I'm thinking of an island, maybe
Oh, archipelago, take me

I'm looking to isolate me,
Terra incognita, baby
I'm getting away from all the...

La-di-da, la-di-da...

I'll bring a book to read,
Crusoe to get my in my theme
I'll bring my heart to break,
Gonna find some pretty Wiccan thing
I'll bring some chocolate,
Ain't no way can she could resist
And I'll being my papa's tricks
'Cause there ain't no help line in the... sticks

La-di-da, la-di-da...
