

## To The Wild

**Mother Mother**

Take all your pages  
Set them on fire  
Take off your cage and  
Go back to the wild

Take the new ages  
Throw 'em on the fire  
Gonna take just that I'm made of  
And run into the wild

Ooo...

Take that old girlfriend  
Set her hair on fire  
Watch her start screaming  
And running for the water

Gonna take that old apartment  
Set that place on fire  
Gonna leave the world at large and  
Run back to the wild

Ooo...
