

## A.O.K.

### Motion City Soundtrack

This time I thought I'd listen and the story goes...  
I am the same without medicine  
I can't pretend it never ends

I'm fine, I'm fine  
These words are all I have to hide behind  
So get behind me, you have no right to say..  
I shut my mouth and walk away from the memory game  
So don't forget, don't forget I am the reason

Long lasting this obsession from sleepless may to denver cold  
Somewhere in-between, I threw myself away

Someday you'll understand that everything is A.O.K.  
Someday you'll understand that everything is A.O.K.

I shut my mouth and walk away from the memory game  
So don't forget, don't forget I am the reason  
(It's funny when you say you're A.O.K.)  
(It's funny when you say you're A.O.K.)

I'm fine, I'm fine  
These words are all I have to hide behind  
So get behind me, you have no right to say..

I shut my mouth and walk away from the memory game  
So don't forget, don't forget I am the reason

I shut my mouth and walk away from the memory game  
(It's funny when you say you're A.O.K.)  
So don't forget, don't forget I am the reason  
(It's funny when you say you're A.O.K.)

Someday you'll understand that everything is A.O.K. (you're A.O.  
.K., you're A.O.K.)  
Someday you'll understand that everything is A.O.K. (you're A.O.  
.K.)
