

# This Is for Real

## Motion City Soundtrack

I've got emotion  
Dripping out my pores and I  
Thought I would let you know  
You are the night light,  
Ripping through my wicked world  
How you make it sparkle and glow,  
Before I lose control  
There's just one thing you should know

This is for real, this time I mean it  
I'm coming clean, please don't let go  
I said from the start, that you could take it or leave it  
I'd prefer that you keep it  
Don't let go  
Don't let go  
Don't let go

I had some nightmares,  
Clawing at my skin and bones  
I nearly did explode  
You smoked the demons  
Gave me back my feelings  
Now I am good to go  
Before, my face hits the floor  
There's just one thing you should know

This is for real, this time I mean it  
I'm coming clean, please don't let go  
I said from the start, that you could take it or leave it  
I'd prefer that you keep it  
Don't let go

This is the best thing that I've ever had for real  
This is the best thing that I've ever had for real

For a physical challenge I'm notoriously bored  
Intravenous delivery, electrolytes and more  
Everytime it's the same routine  
Out with the bad, in with the clean  
Before I lose all motor skills  
There's one thing you should know

This is for real, this time I mean it  
I'm coming clean, please don't let go  
I said from the start, that you could take it or leave it  
I'd prefer that you keep it  
Don't let go

This is the best thing that I've ever had for real  
This is the best thing that I've ever had for real

This is the best thing that I've ever had for real  
This is the best thing that I've ever had for real
