

Feed Me With A Kiss

Moto boy

Come with me, come with me tonight
Open up your heart to me, open up your heart
I'm an emotional freak with a crippled heart
Cause I believe in true love, I believe in love

Sweet thing
Sweet thing
Feed me with a kiss, ooh...

Bloody lips, makes a bloody kiss
Cut me with your blushing tongue
Cut me with your bliss

I hate myself for loving you
This addiction tears me up, this addiction of you

Sweet thing
Sweet thing
Feed me with a kiss, ooh...
