Come with me, come with me tonight
Open up your heart to me, open up your heart
I'm an emotional freak with a crippled heart
Cause I believe in true love, I believe in love

Sweet thing Sweet thing Feed me with a kiss, ooh...

Bloody lips, makes a bloody kiss Cut me with your blushing tongue Cut me with your bliss

I hate myself for loving you This addiction tears me up, this addiction of you

Sweet thing Sweet thing Feed me with a kiss, ooh...
