## Moto boy

Suddenly it all makes sense  
I begin to understand that this is oblivion  
And I've been waiting for too long, ooh  
I'm so tired I can't sleep  
And I try my best to keep intact  
But I'm doomed to fail  
I'll be a cautionary tale at best  
And it's all because of  
And it's all because of you...  
You...  
You...

I'm so tired I can't sleep  
And I try my best to keep intact  
But I'm doomed to fail  
I'll be a cautionary tale at best  
And it's all because of  
And it's all because of you...  
You...  
You...

You...  
You...
