

Dirty Love

Motörhead

I could use some dirty love
You can't abuse my dirty love
That's what I need,
To satisfy my greed
Come on over with your dirty love

I want to taste some dirty love
Don't want to waste your dirty love
Whatever you got,
You bet your life I want the lot
I want to grab your dirty love

Like this!

I gotta have your dirty love
I gotta have your dirty love
I'll show you the way,
To dirty love all night all day
I'm gonna treat you to some dirty love

Right now!
