God was never on your side - Motorhead

If the stars, fall down on me,  
And the sun, refused to shine  
Then may the shackles be undone,  
May all the old words cease to rhyme  
If the sky, turned into stone,  
It would matter not at all  
For there is no heaven, in the sky,  
Hell does not wait, for our downfall

Let the voice of reason shine,  
Let the pious vanish, for all time,  
God's face is hidden, all unseen,  
You can't ask him what it all means  
He was never on your side,  
God was never on your side,  
Let right or wrong alone decide  
God was never on your side.

See ten thousand ministries,  
See the holy righteous dogs  
They claim to heal, but all they do is steal,  
Abuse your faith, cheat, and rob  
If God is wise, why is he still,  
When these false prophets, call him friend  
Why is he silent, is he blind?  
Are we abandoned, in the end?

Let the sword of reason shine,  
Let us be free of prayer and shrine  
God's face is hidden, turned away,  
He never has a word to say  
He was never on your side,  
God was never on your side  
Let right or wrong, alone decide,  
God was never on your side  
No, No, No.

He was never on your side,  
God was never on your side  
Never! Never! Never! Never!  
Never on your side! Never on your side!  
God was never on your side,  
Never on your side
