

Love me like a reptile

Motörhead

Knew I had to bite you baby when
I first set eyes on you,
That moment turned me on,
I can't believe it's true.

I like to watch your body sway,
I got no choice,
I'm gonna twist your tail.

Love me like a reptile!
Love me like a reptile!
I'm gonna sink my fangs in you.

Thunder lizard, stony eye,
You got me hypnotised,
Hot tongue breaks in and out
And I can't believe my eyes.

And your soft white belly,
Next to mine,
Scaly baby, see you shine,

Love me like a reptile!
Love me like a reptile!
You're murder in disguise.

Black mamba, murder in disguise

Baby you're a rattlesnake,
You know the way I feel,
Feel you crawling up my back,
You've got no love to steal.

You know I've got my eyes on you,
You're petrified, gonna stick like glue.

Love me like a reptile!
Love me like a reptile!
Shock you like an electric eel.
